Report of 2nd Quarter Meeting with Community Volunteers (CVs), DOTS Staff and LGA TB and Leprosy Supervisor with Community Based Organization (Janna Health Foundation)

Name of Organization	Janna Health Foundation
Local Government Area	Girei Local Government Area
Title of Activity	Report of Quarterly meeting with CVs, DOTS Staff & LGTBLS
Objective of Activity	To conduct a quarterly review meeting with CV trained on suspecting and Referring presumptive TB cases with support from HAF
Description of Activity	Quarterly review meeting with 15 CV to assess referral and management of presumptive TB cases and presentation of the roles and responsibilities of CVs, DOTS Staff, LGTBLS and the CBO as spelled out by HAF
Number of persons reached	15 CV
Date of Implementation	25 th June 2014
Venue of Activities	Viniklang Health centre
Target Audience reached	CVs, DOT officer, TBLS, Community Leaders and members of Janna Health Foundation
Approved Budget for the activity	N139, 000.00k
Challenges	<ol style="list-style-type: none">1. The need to increase our CVs coverage and transportation2. Treatment interruption3. Poor access of some communities to existing DOTS centres
Lesson Learnt	<ol style="list-style-type: none">1. There is improvement in identification of TB suspects by the CVs2. The yield of TB suspect screening at the microscopy centre is encouraging as more suspects are confirmed with SS⁺3. If more CVs are engaged, it is likely that more TB suspects will be identified and more TB cases detected from Girei Communities4. More hard work and commitment is required to reach the “hard to reach” areas in order to deliver TB control services5. Involvement of Community Leaders provides an opportunity to improve synergy with communities on TB control; this is important for sustainability

Recommendation

1. There is need to improve on enlightenment and sensitization on TB to communities of Girei LGA
2. There is need to improve the involvement of Community Leaders; this will improve the CBOs targeting of “Hard to Reach” areas and improve sustainability of the project
3. There is need for the State TB Control programme to expand DOTS services in Girei LGA as this will lead to improved access to services by communities
